

# JENNY CHUNG

Product Designer with 20+ Years of Experience | 3D Visualization Expert

Corona, CA | jchung0510@gmail.com | 909-525-3560

[Download Resume \(PDF\)](#)

## PROFESSIONAL SUMMARY

Accomplished Product Designer with over 20 years of diverse experience in 3D modeling, production-focused design, and ground operations. Proven expertise in Alias and KeyShot for high-fidelity visualization, specializing in automotive wheel design and design patent documentation. Highly adept at integrating AI-assisted workflows to optimize design efficiency and deliver market-ready solutions.

## PROFESSIONAL EXPERIENCE

### Product Designer (Production & 3D Visualization) 2012 – 2025

*Design Infini | California, USA*

- Led 3D design and high-quality rendering for production-focused automotive wheels.
- Managed the creation and filing of U.S. design patent drawings, ensuring technical accuracy and compliance.
- Collaborated with engineering teams to bridge the gap between creative concepts and manufacturing reality.

### Ground Operations Manager (Charter Flights) 2004 – 2007

*KRYKYZ Airline | Seoul, Korea*

- Managed ground operations for international charter flights, coordinating passenger and cargo logistics.
- Ensured seamless communication between flight crews and airport authorities to maintain strict schedules.

## CORE EXPERTISE

Autodesk Alias    KeyShot Rendering    3D Modeling & Visualization

Design Patent Drawings    AI-Assisted Design Workflow    Automotive Wheel Design

Production Design
