

JENNY CHUNG

Corona, CA | jchung0510@gmail.com | 909-525-3560

PROFESSIONAL SUMMARY

Product Designer with over 20 years of professional experience, spanning 3D environmental modeling, aviation ground operations, and specialized automotive wheel design. Expert in production-focused 3D modeling, photorealistic rendering, and U.S. design patent drawings. Actively integrating AI-assisted tools to optimize visualization workflows.

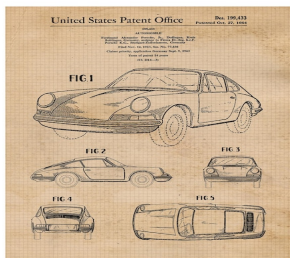

DESIGN PORTFOLIO

Automotive Wheel Design

Alias & KeyShot Rendering

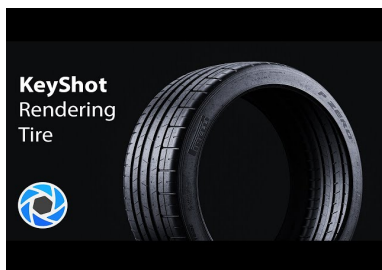

100% design responsibility for Fittipaldi Wheels patterns

Patent Drawing

USPTO Compliant Technical Drawing

4+ granted design patents

KeyShot Rendering

Photorealistic Visualization

Production-ready rendering workflows

PROFESSIONAL EXPERIENCE

Product Designer (Production Focus)

Design Infini | California, USA

Jan 2012 - Dec 2025

- Led 3D modeling and photorealistic rendering for production-ready automotive wheels
- Managed and produced precise U.S. design patent drawings for USPTO submission
- Optimized design workflows through AI-assisted research and visualization tools
- Collaborated with manufacturing teams to ensure design feasibility and quality
- Created technical specifications and documentation for production

3D Environmental Modeler

Aviation Ground Operations

2005 - 2011

- Developed 3D environmental models for aviation ground operations training
- Created realistic simulations for safety and operational procedures
- Collaborated with aviation professionals to ensure accuracy

TECHNICAL SKILLS

3D Modeling & Rendering:

Autodesk Alias (Advanced), KeyShot (Expert), Photorealistic rendering

Technical Drawing:

Adobe Illustrator (Expert), USPTO-compliant patent drawings

Design Tools:

Pattern drawing and development, Surface modeling, Product visualization

AI Integration:

AI-assisted concept research, Workflow automation, Design optimization

NOTABLE ACHIEVEMENTS

- 4+ USPTO granted design patents for automotive wheel designs
- 100% pattern design responsibility for Fittipaldi Wheels (fittipaldioffroad.com, fittipaldiwheels.com)
- 20+ years of continuous professional design experience
- Successfully integrated AI tools into traditional design workflows
- Contributed to production of wheels featured on luxury and performance vehicles
